LOCAL BAKER LOSES LIFE IN LAKE MARIE

Ernest Hanson Drowns
Tuesday; Came Here
4 Mos. Ago

Ernest Hanson, 40, who was employed as baker at the Dopner bakery, this city, was drowned in Lake Marie (Twin Lakes) at 2 o'clock on Tuesday. According to reports, he had been in the water for about an hour before he was found.

He was seen to enter the water at the north end of the lake, near the John Ryshus place. Shortly after, it was reported that he had gone under. A few minutes later, when a call was placed at the office of Sheriff Steve Robinson, Coroner A. B. Schmitz, Deputy Sheriff James Marshall, and Coast Guards Reuben Le Claire and Clyde Sorensen rushed to the scene. After searching for some time, Le Claire recovered the body.

Leaves Here Monday Night

As Tuesday was his day off, he left Antioch Monday night about 8 o'clock. He was next seen at Lake Marie with Tony McNeil. It is believed that Hanson had been drinking prior to his entering the water. It is not known where he obtained the bathing suit which he had on when he was found, but he had left his clothes in the bath house.

Girls See Him Enter Water

Although believed to be a good swimmer, a number of girls who watched him enter the lake say that he appeared to be timid as he approached it. Coast Guard Le Claire located the body at an approximate distance of 250 feet from the shore in seven feet of water.

Taken to Kenosha

Because of the lack of information about the dead man, he was removed to the county morgue, Kenosha, where it was later learned that he was single and had no relatives living near. Since coming to Antioch from the Wisconsin city several months ago he made his home above the bakery.

Funeral in Kenosha

The funeral will be held from the Mischler Funeral home, Kenosha, on Friday morning. As he was a member of the Eagles, the Kenosha F. O. E., will have charge. Burial will be in Greenwich cemetery.

Three Men Hurt When Scaffold Gives Way

When the scaffold upon which they were standing gave way, three men who were working on the New St. Peter's church here, suffered serious injuries and a third escaped hurt Tuesday morning at 11:30 o'clock.

Holland's ambulance was called to the scene from Waukegan and three of the men were taken to the Victory Memorial hospital where x-ray pictures revealed the fact that there were no internal injuries and that the men were only painfully bruised.

The injured men are:

Charles Hoblit, 23, 1944 Wilmot street, Chicago.

Pete Perkins, 31, 284 North Central Park, Chicago.

Frank Phillips, 43, 1623 Dixon St., Chicago.

The men had been working on the roof of the church about 20 feet from the ground when the scaffolding suddenly gave way.

The fourth man who was uninjured was Don Ingram, also of Chicago.

Ackerman Charged With Drunkenness, Speeding

Charged with being drunk and driving at an excessive rate of speed, William Ackerman, 33, Antioch, is being held in the county jail at Kenosha, pending the results of the injuries sustained by Patsy Miller, 19, of South Kenosha, when she was thrown from Ackerman's car last week-end.

When the mishap occurred, Ackerman was driving eastward on the Pleasant Prairie road and as he attempted to make a turn which led northward into the Kilbourn road, his car dashed into the ditch and turned on its side, but, because of its momentum, it quickly landed on its wheels again. However, the door flew open and Miss Miller was thrown out.

Shortly after the mishap occurred, the victim was rushed to the Kenosha hospital and Ackerman was taken to the county jail. Miss Miller has been released from the hospital.

Part of Los Angeles Breaking Away

Here is a view of the huge crack in the earth at Point Fermin, near Los Angeles harbor, which is cutting off from the mainland five acres of the residential district. The crack, which started last January, opened only one inch per week, but now it is opening at the rate of three inches per week. If it keeps on the five acres will fall into the Pacific ocean.

3,000 MILK MAKERS PLAN CELEBRATION AT LAKE ZURICH

Dairymen to Meet in Annual Picnic on Tuesday, September 7

Three thousand dairymen of Lake county and vicinity are chalking up September 7th as a red letter day, when they will meet at Remond Park, Lake Zurich, to celebrate. This is the first annual Pure Milk Association picnic.

At a meeting held in Lake Zurich, Saturday night, Mr. A. H. Pfister was elected the general chairman of all committees. Mr. I. C. Rockettbach was appointed grounds committee man, and with the assistance of members, A. G. Beady, Herman Pahlman, Harry Mathews will have the grounds laid out with horse-shoe courts, baseball diamonds, and other sports as well as to provide the rear wheels of the car passed over them.

Immediately following the accident, the child was taken by the driver of the machine that struck him to the summer home of his parents, which is only a few rods distant from the scene of the accident. Neighbors then brought the victim to Dr. Warner's office, Antioch, after which he was removed to a Chicago hospital.

CHILD IS HURT NEAR ANTIOCH

Charles Lava, Jr., 7, whose home is in Chicago, sustained injuries to the extent of two broken legs Tuesday morning at about 10 o'clock when he was knocked down by an automobile as he was crossing the bridge near the William Grube grocery store on the Lake Catherine road about one and half miles northwest of Antioch. His legs were broken as the rear wheels of the car passed over

the machine that struck him to the summer home of his parents, which is only a few rods distant from the scene of the accident. Neighbors then brought the victim to Dr. Warner's office, Antioch, after which he was removed to a Chicago hospital.

CERMACK ROUNDUP SETS NEW ATTENDANCE MARK

Notables Are Present at Cook County Leader's Pow-wow

Another of Anton J. Cermak's parties, famous for broiled beefsteaks, soft drinks, golf, and all shades of political gossip, was held here Tuesday when the attendance exceeded that of any former roundup held at the Cook county chairman's home.

The day was also the occasion of the policemen's annual golf tournament, and beginning at 10 a.m., the day was given over to golf. As the foursomes finished their round of 18 holes at the Chain O' Lakes country club they repaired to the Cermak home for refreshments.

Among the notables present was Sidney Smith, of Andy Gump fame. Jack Dempsey was also given an invitation, it is reported, but the former world's champion found it impossible to be present. Jack is having troubles of his own at present. Tuesday he was suspended from the Actors' Equity for alleged disloyalty during the recent unsuccessful effort to unionize members of the theatrical profession employed in taking pictures.

Besides numerous policemen, for whom the event is given annually, the guests included members of the city council, the county board, members of the legislature, and, in fact, officials from nearly all branches of the Cook county and Chicago city governments.

James Turnock Dies at Home of Niece, Bristol

Failing to rally after a sudden attack of heart trouble, James Turnock, 83, died at the home of his niece, Mrs. William Barthel, Bristol, on Sunday.

He was born at Salem, Wisconsin, December 18, 1846, and he lived practically all of his life there, with the exception of the few years which he spent at Antioch. In 1871, he was married to Eule, who preceded him in death. Four children were born to this union, two of whom, Oren, Kansaville, Wisconsin, and Mrs. Maud Fulkerson, Beloit, Wisconsin, survived him. Other survivors are a brother, John, Salem, 12 grandchildren, and 6 great grandchildren.

The regular election for the selection of assessor along with other town offices comes next spring, but not in time for next year's assessing which starts some time previous. For this reason the town board made the appointment of Mr. Simons to fill the vacancy.

E. L. Simons Is Board's Appointee For Assessors Job

Ernest L. Simons, former supervisor of Antioch township and for many years collector of taxes, has been appointed assessor to succeed the late Harold O. Gelstrup. Mr. Simons, former landlord at the Antioch Hotel, has a wide acquaintance. The regular election for the selection of assessor along with other town offices comes next spring, but not in time for next year's assessing which starts some time previous. For this reason the town board made the appointment of Mr. Simons to fill the vacancy.

MIDDENDORF FACES JAIL SENTENCE; IS SOUGHT BY SHERIFF

Leaves Antioch After Struggle to Evade Serving Time.

Facing a six months' jail sentence under the debtors act, F. Lee Middendorf has left his home here, taking his wife and household belongings with him. A truck, said to have carried Detroit and Michigan license plates, took the furniture away from the family residence on Ida avenue last Wednesday afternoon and Middendorf and his wife disappeared soon after.

Middendorf, who fought for two months and carried his case through three courts in an effort to evade the jail sentence under the debtors act, lost on a writ of habeas corpus before Judge Edward D. Shurtliff at Woodstock.

Attorney George W. Field, counsel for Middendorf, had promised attorneys for the financing firm that Middendorf would be surrendered Monday in the event that he failed to pay the \$600 judgment that has been the cause of the court action to have the jail sentence executed.

Authorities Seek Huber

Attorney G. C. Snyder stated that his clients, an automobile financing firm, intended to send Middendorf to the county jail for at least six months. Meanwhile, attorneys urged Sheriff Doolittle to renew his search for William Huber, former business partner of Middendorf, who is thought to be a salesman in Iowa for a Chicago firm. Huber was a deputy sheriff for a year until the sheriff recalled his star.

The Antioch Motor Sales, in which Huber and Middendorf were partners, crashed after warrants were issued charging both men with obtaining money fraudulently by placing mortgages on automobiles not belonging to them. Through their irregularities it was charged Huber and Middendorf obtained more than \$16,000. Indictments were voted against both of the men six months ago but they failed to make a settlement. Later Huber disappeared, leaving his partner to face the music.

Middendorf fought his case through three judges. City Judge Theo. Forby, of Zion, released Middendorf from jail the first time he was jailed for a \$600 debt. Then Circuit Judge Claire C. Edwards voided all the Forby orders on the grounds that he was not legally on the bench.

Attorney George W. Field, realizing that Middendorf would have to go back to jail, filed a second writ of habeas corpus, this time before Judge Shurtliff, but the last effort failed before the McHenry county jurist and the stage was all set for Middendorf to begin serving his jail sentence Tuesday. But Middendorf chose not to serve.

Verdict Is Held

Dr. J. C. Penny, Libertyville, who is deputy coroner, opened an inquest Saturday afternoon, but the return of the jury's verdict is held, pending the outcome of Blue's injuries. He is in a hospital at Elgin and according to medical authorities, he is in a very critical condition.

Dashes Into Gravel

People who live near the scene of the accident report that the machine probably failed to grip the roadway when it struck the loose gravel which was at the foot of the hill. The car was damaged beyond repair.

Grade School Children To Be On Hand Sept. 3

For the first time in three months scores of grade school children will again be seen on the streets of Antioch on Tuesday, Sept. 3. There are already evidences that the youngsters are making preparations for this day to which some have looked forward for weeks.

The faculty members which have been engaged for the grade school are as follows:

First grade, Mrs. C. N. Lux.
Second grade, Elizabeth Touton.

Third grade, Julia Stricker.

Fourth grade, Mary Hynek.

Fifth grade and music, Eleanor B. Meyer.

Sixth grade, Isabelle Harwood.

Seventh grade and music, Dorothy Patterson.

Part time eighth grade and art, Alice Warner.

Principal and part time eighth grade, W. C. Petty.

Eleanor B. Meyer, who comes from Lexington, Illinois, and Alice Warner, Whitewater, Wisconsin, are the only new members. Miss Meyer is a graduate of Illinois Wesleyan University and Miss Warner was recently graduated from the Whitewater State Teachers' college, Whitewater.

Several of these teachers have spent the summer furthering their education.

Both Miss Harwood and Mr. Petty attended the summer session at Illinois State Normal University, Miss Warner at Whitewater and Miss Hynek spent several weeks touring Europe.

Chicago Women Favor Paschen for Mayor

The popularity of Chris Paschen, building commissioner of the city of Chicago and a potential candidate for mayor of that city at the next election, was put to the test during the gala week festival of the Illinois club when a straw vote of 18,547 women was taken, the owner of Paschen's farms winning out over Robt. M. Sweitzer, his nearest competitor, by 186 votes.

Mrs. Ruth Hannah McCormick was the only woman to receive an appreciable number of votes, 497, and Will Rogers, cowboy humorist, always sure of getting votes in any kind of an election, was the only out-of-town candidate mentioned in the balloting. Will received 109 votes.

ANTIOCH WILL BE IN CHICAGO CITY LIMITS IN 50 YEARS

Planning Commission Visions Future; Project Includes 15 Counties

POPULATION OF OVER 7,500,000

In fifty years metropolitan Chicago will probably cover a circle with a hundred mile radius from the loop, and in 100 years this circle may extend as far as 200 miles from the southwest corner of Lake Michigan, in the opinion of Daniel H. Burnham, president of the Chicago Regional Planning association; Burnham was speaking Sunday, voicing plans of the association and visioning the future of the mid-west metropolis in 50 and 100 years hence.

"The Chicago of fifty years ahead may not be the largest city in the world in numbers of people, but it will be the best arranged, the best planned and protected and the ideal place in which to live, if the program of the association is carried out," he said.

In fifty years metropolitan Chicago will probably cover a circle with a hundred mile radius from the loop. By 2029, this circle may extend as far as 200 miles from the southwest corner of Lake Michigan, he predicted.

Graphs Lay Out Plan

Accurate yardsticks of the trend of the city's growth for the next twenty years have been found by the plan association and from graphs the program of orderly expansion has been planned.

To bring the Chicago area up to that comprehensively worked out program by 1950 is the objective of the planning association. After that period, it will be a mere simple matter to guide the growth of this community in accordance with the plan, it was pointed out.

Fifteen counties in Illinois, Indiana and Wisconsin are included in the association's plan. Along the lake shore Greater Chicago will extend from Michigan City to Racine, it is believed. From careful estimates of the future of the population of this area, the association believes that by 1950 there will be 7,500,000 persons in this area—double the 1920 census figures. Chicago will have 4,000,000 within its boundaries at that time. Cook county will have 5,300,000 and the remainder will be distributed in the other fourteen counties, three in Indiana, three in Wisconsin and eight in Illinois. After the 1930 census, more accurate figures can be given in estimating the 1950 population, Mr. Burnham said.

Air Travel Big Factor

The metropolitan area is defined as including all points within an hour's travel from the loop. With the development of airports and the present type of airplanes, the circle will extend to 100 miles in fifty years.

Lumbermen Frolic In Golf Turney At Chain O' Lakes

Illinois lumbermen are vying for golf honors today at Chain O' Lakes Country club where the eighth semi-annual tournament is being staged by the Illinois Lumber and Material Dealers association.

The gang had lunch at the club house, but tonight an elaborate dinner will be set before the golfers at Pregenzer's.

Herb Vos, president of the Antioch Lumber & Coal Co., heads the committee again this year.

RETIRING PRINTER OKEYES NEWS PLANT

"As handy as a pocket in a shirt," was the remark of R. D. Coger, old time Chicago printer, after he had looked over the equipment and efficient arrangement of machinery and type in the Antioch News office yesterday. Coger, now retired and living at Deep lake, spent about 40 years in the printing business, so his opinion may be regarded as expert. He complimented Superintendent John E. Moore for his efficiency and declared the line-up of machinery and convenient arrangement of equipment to be the best he had ever seen in any office regardless of size.

SUCCESS AND FAILURE

Without a small amount of failure, success cannot be obtained. What is considered a failure among individuals? If a man does not make good in business, is he a failure, or if he loses his wealth is he to be considered one? Much value is gained by being able to face defeat with a smile and look on the bright side of life, even though things do seem to be against one. Does financial or executive ability always mean success? Will God consider success as it is considered by man, or will He call the people who have helped to lighten the burden for others the successes? The failures we make should aid us on the road to success. We learn to do a thing well by experimentation. At first, a task may seem to be impossible to accomplish, but with each effort the goal of perfection becomes nearer.

DISCIPLINE VS. FREEDOM

The spirit of our age asks for self-expression. We simply must express ourselves. Our mood is rebellion against restraint and a plea for release. As a result, we have jazz music, free verse, and a "do as you please" attitude. Everyone is looking for independence, adventure, and a thrill.

Yes this generation wants freedom, but it cannot be achieved by disregarding the laws of living. The basis of a worthwhile life is the very opposite of this so-called loose self-expression, which is so prevalent everywhere today. The real and lasting "kick" out of life comes by challenging our every capacity.

No great character of history has lived to know immortality whose life was other than a constant struggle with some challenging obstacle. People today are crying for freedom, little realizing for what they are asking and what it would mean should they find it. According to philosophers, a great deal of the turmoil, unrest, and the aimlessness of our day will disappear when people learn that it is not freedom which we need, but a "discipline of our talents."

The easy road, the path which has no sharp stones or jagged rocks, is the way which leads to selfishness and laziness and eventually to failure. The life and achievements of our own Abraham Lincoln stand as indisputable arguments against the common belief that success is achieved by following the easy road of freedom. Self-expression, then, is not a "letting go," or a plea for unrestricted freedom. It is rather a "taking hold."

Local residents really have sort of gotten the bulky head since the men with the ladders have made their rounds. At any rate, the instigators of this very worth-while movement have already received their rewards in the form of the many favorable comments which have been voiced about it.

School days will soon be here again and there's the "pre-jabbering" as per usual. "Honest, is he hard on ya?" — "I just can't wait till Sept. 3, kid" — "Say, believe me, I'm going to get down to work this year" — "Boy us kids are goin' to have our fun" — "She gives me a pain" — "I can't see that prof. for dust" — "The kids say she is the berries" — "etc., etc., etc."

How about it, are you one of those people who are already worrying for fear that your little town won't be lively enough for you when the mosquitoes go to roost? Guess you'd call it discontent. So it is today and so it must have been in Shelley's time when he said, "We look before and after and pine for what is not."

Lynx-eyed Bob Wilton was one of those who didn't fail to notice 865.

"Antioch has grown tremendously since I was here last," was the remark made by a Chicagoan who came into the News office Monday afternoon.

See the world's series and football games over the air. Now is your opportunity to secure a radio at a big saving. Trades and terms. Gamble Stores.

place where it is practiced, though. It is just human nature that certain well-meaning people are heard from time to time breaking out in anguished moans over something or other, but it seems that their shrieks are the extent of their efforts to remedy the condition. They probably think, "I'll howl to George and get him all stirred up; then I'll keep still while he throws the balls." In every community both large and small are found the squawkers and the men of action, those who really do things and those who remain on the sidelines.

THE TRAGIC RECORD

As another summer draws toward its close the newspapers are crowded with reports of devastating fires. A dropped cigar or cigarette, a campfire incompletely extinguished—such little careless things as these have resulted in the destruction of magnificent forests, great factories and thousands of homes.

The most tragic part of it all is that the waste is entirely unnecessary. It is a matter of moments only to properly put out a fire or step on a burning cigar stub, or properly inspect a building for possible risks. Yet when these small tasks are left undone the result may be a conflagration that wrecks the work of years.

A little care and a little energy on the part of our citizens would reduce our fire loss to a minimum. The fact that losses have been decreasing, slowly, for two years, is hopeful but inconclusive. Our fire record remains a national disgrace, a black blot on our efficiency and prosperity.

Insurance and fire-resistant construction of buildings and fire patrols in our parks and forests, are necessary protections. But valuable as they are, they can never be a substitute for individual "fire carefulness." And we pay each year for our carelessness with close to half a billion dollars, beside the inestimable loss in business and in human lives.

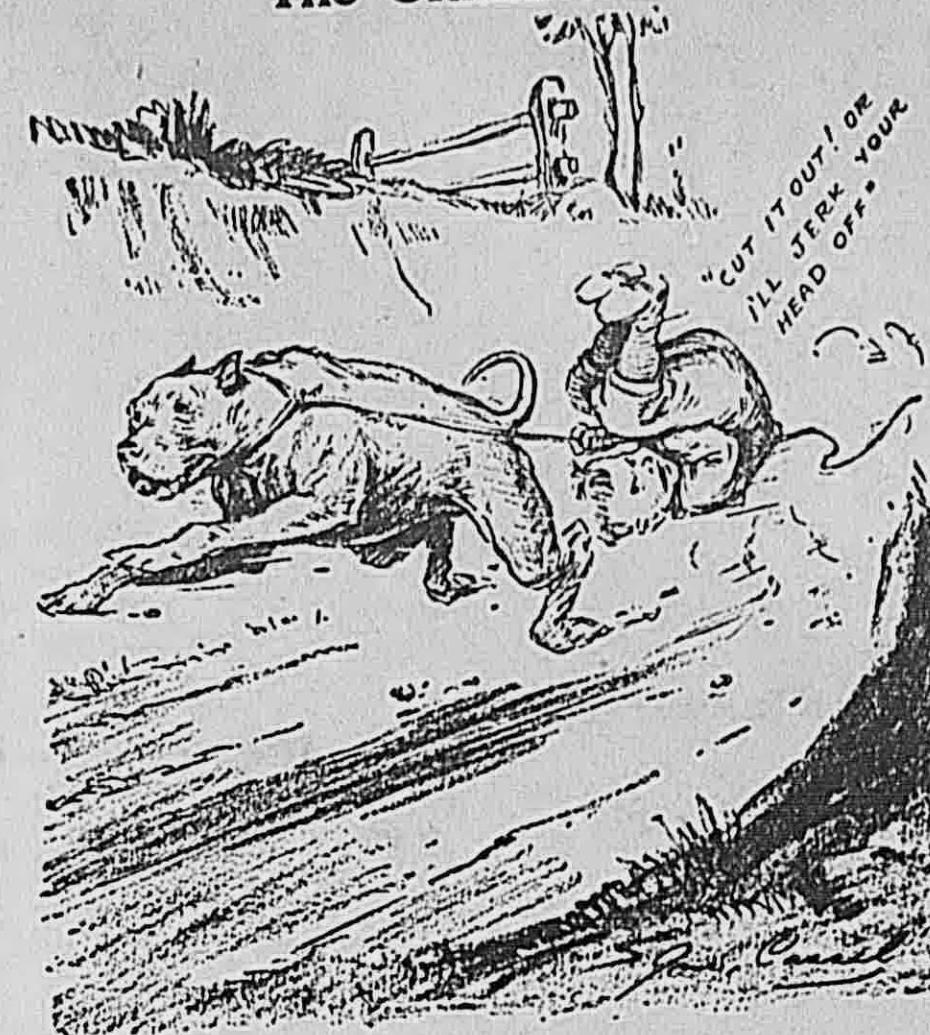

DODGING THE ISSUE

The automobile has brought much pleasure to the American people. But it has also brought one of our most serious problems. Every year thousands of people are killed and maimed in automobile accidents of various sorts. The majority of the casualties result from carelessness and incompetence. There are few unavoidable accidents.

It would seem a simple matter to enforce adequate driving laws, and when tried, it has proven that this reduces the accident rate. It would seem equally simple to withhold operating licenses from persons too ignorant or too incompetent to drive a car with ordinary ability. Yet we go far out of the way for our cures and produce such legislative boomerangs as compulsory liability insurance. And, in the meantime, while such panaceas dismally fail, the death record mounts.

We are careless people in many ways. And our lack of safety consciousness causes untold waste in lives and property. Until we follow the obvious course and teach prevention, modernize traffic laws and bar the reckless and incompetent from the highways, the toll of automobile deaths will mount.

The Ultimatum

Clerk, and must be accompanied by cash or by check payable to the order of the President of said Board of Local Improvements in his official capacity, certified by a responsible bank in an amount not less than ten per cent of the aggregate proposal.

The contractor shall be paid in bonds which shall bear interest at six per cent per annum and vouchers against the first installment.

No bids will be received unless the party offering shall furnish evidence satisfactory to the Board of Local Improvements that he has the necessary facilities, ability and pecuniary resources to fulfill the conditions of the contract and execute the work should the contract be awarded to him.

Bidders will examine the ordinance, maps, plats, plans, profiles and specifications and also the locality in which said work is to be done and judge for themselves of all the circumstances and surrounding conditions affecting the cost and nature of the work.

The Board of Local Improvements reserves the right to reject any and all bids as authorized by law.

In These Whets To The Appetite, You Have Raciness and Pungency

Stuffed Cucumbers

Two or three large cucumbers, 2 hard boiled eggs; 1 tablespoon butter, 2 boned sardines, finely chopped parsley, French dressing:

Cut cucumbers in pieces about 1½ inches long, discarding end pieces. Then cut away strips of peel, leaving a striped green and white effect. Scoop out centers of cucumber sections to form cups, and marinate in French dressing for an hour. In the refrigerator. Meanwhile chop the pulp very fine. Chop yolks of hard boiled eggs, add butter, sardines and parsley. Mix well, and add cucumber pulp at the last moment. Fill cucumber cups with mixture piled high in centers. Top with a star of pimento.

Mustard Bouquet

1 quart small white onions, 6 sweet green peppers, 3 sweet red peppers, 1 quart green string beans, 2 bunches carrots, 1 quart sliced green tomatoes, 2 large cauliflower, 1 dozen small sour cucumber pickles, 2 quarts lime beans.

Boil all but the pickles separately until tender. Soak in brine over night (1 cup salt to 1 gallon water). In the morning drain and make following sauce:

1 cup flour, 1 tablespoon turmeric, 1½ cups sugar, 6 level tablespoons mustard, 2 quarts cider vinegar.

Scald vinegar and sugar. Add flour, mustard and turmeric mixed with cold water until consistency of cream. Carefully boil, stirring to prevent lumping. Add pickles and cook until just heated through. Seal in sterilized jars.

Best Ever Mustard Pickles

24 green cucumbers, 3 heads cauliflower, 2 quarts green tomatoes, 6 green peppers, 1 quart small onions, 2¼ cups salt.

Cut cucumbers, cauliflower, and tomatoes in small pieces. Chop onions and peppers together. Mix ingredients and sprinkle with salt. Add just enough water to cover and let stand over night.

Bring to a boil in the same water next morning, then drain. Make the following mustard sauce:

1 cup flour
4 cups sugar
1 oz. celery seed
½ pound mustard, ½ oz. turmeric,
3 quarts vinegar.

Mix dry ingredients and slowly add 1 quart of vinegar, stirring to dissolve all lumps. Heat to boiling point 2 quarts of vinegar, then gradually add first mixture, stirring constantly to keep from sticking. After boiling a few minutes pour over pickles. Mix well and seal while hot in sterilized jars.

Piccalilli

2 quarts red tomatoes, ½ peck green tomatoes, 1 head cabbage, 15 white onions, 10 large green cucumbers, salt, 3 quarts cider vinegar, 4 pounds brown sugar, 1-8 cup turmeric, ¼ cup black pepper seed, 1 ounce celery seed, ½ pound mustard seed, 1 cup olive oil, 1 quart vinegar, ½ pound mustard.

Chop the vegetables and place in layers in a porcelain dish; a layer of salt between the layers of vegetables. Let stand over night, then drain, discarding the liquid. Drain well. Heat the vinegar, sugar, seeds and turmeric together, and pour over the vegetables. Let stand 48 hours. Drain off liquid, add mustard mixed with olive oil and 1 quart vinegar, and pour over the vegetables. Pack in sterilized jars.

Old Virginia Cabbage Pickle

4 quarts chopped cabbage, 4 green peppers chopped, 4 medium sized onions chopped, 4 tablespoons sugar, 2 tablespoons salt, ½ cup mustard, 3 pints cider vinegar, scant ½ tablespoon turmeric, ¼ cup flour.

Mix cabbage, peppers, onions, sugar, salt and vinegar and cook for ¾ of an hour. Mix mustard smooth with a little vinegar and stir in. Mix ½ cup flour with the turmeric, make smooth with a little vinegar, add slowly to first mixture, stirring constantly, and cook until thick. Pack hot in sterilized jars.

Chili Sauce

Twenty-four medium-sized ripe tomatoes, 2 green peppers, 2 red peppers, onions, 1 quart vinegar, 8 tablespoons sugar (quantity might be increased), 4 teaspoons salt, 1 tablespoon ground allspice, 4 teaspoons whole allspice, 1 large stick cinnamon, 1/4 teaspoon mustard (quantity might be increased).

Blanch and slice the tomatoes, chop the onions and peppers. Combine the ingredients and cook the mix-

Two Smart Fall Hats

Sept. 3rd Is Just Around The Corner; How About That Dress?

The art of dressmaking in America has been of late years so simplified that almost anyone with a reasonable degree of executive ability can manufacture a fashionable costume by using an approved pattern and following the directions printed upon it.

Below are some suggestions which may help you in making that school girl gown:

Alterations of Patterns

To Increase Width—On or parallel to the line for the straight of the material, draw a line from one edge of pattern to the other. Make connecting points (lines about 1 inch long, drawn at right angles to the lines). Cut pattern on this line and spread to allow the necessary amount, adding the same amount all the way down. Make sure that the connecting points are exactly opposite and connect to form a straight line.

To Decrease Width—Follow above

he had been naughty and little Wee-wee promised not to do that any more."

"Now tell the other one," said Sally Ann, as she tucked her footie under the blanket and the foot flew right up in grandma's face.

So grandma told it all over again. When she got to the end of the story, Sally Ann began to say:

"Please tell it again—" but mamma called:

"Come, sweet pettootie, and be dressed for breakfast."

So the little girl ran off to mamma, saying:

"Never mind, grandma, I'll let you tell me about it tomorrow."

directions, draw lines and fold a lengthwise plait in pattern to take out the necessary amount for fullness.

To Increase Length—Draw a line at right angles to the line for the straight of the material. If more than one inch is to be added, draw two lines, one above and one below the waist line. Make connecting points, cut the pattern and spread evenly.

To Decrease Length—Follow above directions, draw lines, fold plait or plats.

To Correct Lines of Patterns—in making above alterations some of the lines of the pattern have to be changed. Keeping in mind the general direction of the line, draw a new line from one extremity of the line to the other.

FOUR GENERATIONS AT FAMILY REUNION

Seventy-one people, representing four generations were present at a reunion of the descendants of Thos. and Mary Edwards, which was held at the Bert Edwards farm, Antioch township, last Sunday. The Edwards, who first came to this country from England in 1845, settled in Lake county three years later.

A picnic dinner was served on the lawn at noon, after which stunts, a baseball game, and a horse-shoe pitching contest were staged. Landon Edwards and Frank Edwards scored highest in the horse-shoe pitching game and Ted Crawford, Racine, and Ora Peters, Kenosha, were the best when it came to the stunts. George Edwards, 84, who resides in Lake county, had the distinction of being the oldest one present.

This reunion has been an annual event for several years and Sunday, it was unanimously decided by those in attendance to continue this means of keeping together the members of this large family.

THIS 'ESCROW'— WHAT THE TERM REALLY MEANS

Operation Is One Of Safest Methods of Buying or Selling

The term "escrow" in connection with the buying and selling of real estate has come into rather common usage, but perhaps many who have heard the term are not familiar with its meaning, says the Chicago Daily News.

Escrow is the means whereby two or more persons deposit legal papers and funds with a disinterested, neutral third party, who acts as stakeholder, and delivers the funds and legal papers upon the fulfillment of certain conditions.

One of Safest Methods

The practice has become generally recognized as one of the safest and most scientific methods of buying and selling real estate. The buyer and seller deal at arm's length. Neither party is called upon to trust the other or to take anything for granted. The escrow agent acts impartially for the benefit of both parties according to the written word.

A purchaser may with perfect safety deposit his money in escrow with the understanding that he will either get good title to the property he is buying or get his money back. At the same time the seller is assured that if his deed conveying the property to the purchaser is used he will receive the price agreed upon, providing good title is conveyed.

Simplifies Fund Operation

By means of escrow it is possible for the seller to use part of the purchase price to clear liens or encumbrances from his title. Without the use of escrow the seller would have to use his own funds to clear the title before he would be entitled to the purchaser's money. It is only through escrow that the money can be thus applied to clear the title without risk by either party, so long as the escrow agent selected is financially responsible.

The element of chance and hazard is eliminated in the purchase of property by this means. The intricate detail involved in the actual prorations, assigning fire insurance and leases, is taken care of by an experienced personnel.

Men Good Losers, Women Declare After Real Treat

The women of the Methodist church may be able to outdo their worthy opponents in numbers, but when it comes to the how of being good sports and staging an all-around good time, they would have a mighty hard struggle trying to get to first base. This statement is made in the light of the success of the All-church social which was held in the basement Tuesday evening. It was sponsored by the members of the Men's choir.

Awaiting the guests upon their arrival, was a long table upon which was spread foods galore. The style was cafeteria and behind the tables stood the "gracious" hosts who did their best to see that everyone got enough to eat. Needless to say, there were no a la modes or entrees on the menu, which was characterized by its masculinity. The second course, which consisted of ice cream cones, as well as the first course, were very generously served, even though there were many delightful hills and valleys on their peaks.

The room was made physically attractive by vases of beautiful flowers, which adorned the tables. The motifs consisted of hand-made blue paper doilies, which were artistically arranged.

After everyone had finished relishing what the men had provided, the guests gathered in little conversational groups, the men considering essentials and the women wordy about non-essentials. In a few minutes, Rev. Bohl introduced the entertainer of the evening, Bob Horton, Evanston, Illinois, who, by the way, is a former classmate of the local pastor. By means of the several games and contests which he provided, he kept his audience in a constant mood of enthusiasm and jollity. During the course of the program, what might almost be termed real torture was meted out to several Antiochians. At any rate, the participants were all able to maintain the conventional orientation of their homes.

Following the several selections which were rendered by a men's

quartette, consisting of Rev. Phillip Bohl, Rev. William Bohl, former pastor S. E. Pollock, and Principal L. O. Bright. Rev. Bohl, in a few well-chosen words, on behalf of the men, offered words of thanks to Bob Horton for the significant part which he had played in making the affair a successful one. He also expressed his desire to have these "get-togethers" more frequently throughout the fall and winter months.

Previous to the benediction, Mr. Horton gave an informal interpretation of "Play". This very appropriate talk was interspersed with touches of humor, and in it were also evidences that Mr. Horton was endowed with more than the ordinary amount of regulation convolutions.

Immediately following the prayer, the guests proceeded to enjoy the third and final course, which was akin to the second.

By this time, the women had definitely decided that the care which the hosts had taken to show the winners a good time was really born of an innate courtesy and was not a conscious form of grocery insurance. Before departing, Mrs. D. A. Williams, on behalf of the women, very fittingly thanked the men for their treat. In every "goodbye" there seemed to be a note of satisfaction.

WAUKEGAN TO SEE GREATEST LEGION FESTIVAL PARADE

Fifth Annual Event Begins Friday—Four Big Days and Nights

Construction of stands and placing of equipment has commenced at the Great Shore site of the Waukegan Legion Summer Festival, which will be held Friday evening, August 30. The Ferris Wheel, Chair-o-Plane and Merry Go Round furnished by the Miller Amusement Enterprise has arrived and will probably be erected within the next day or so. The layout of the grounds will be practically the same as in other years with the exception of the Administration Headquarters, which will be placed in the office formerly occupied by the Hill Boat Line.

Broadcasting arrangements for use in the grounds are being arranged for through McCulla & Company with Grigsby-Grunow Company of Chicago, makers of Majestic Radio sets, who will furnish operators and equipment.

The final meeting of the Parade Committee will be held at Legion Headquarters this evening, at which time arrangements will be completed for the parade which is expected to be one of the most elaborate parades ever held in the city.

Advices have been received from The Chicago North Shore Railroad company that their entire band consisting of forty pieces will take part. Notification was also received from Otto Graham, director of the Waukegan High School Band, that they will also enter the parade. This band has remained intact during the summer months and will undoubtedly be one of the most attractive and interesting features.

The Personnel Committee of the Festival, consisting of Ed. Ahlstrom, Vic. Woertz and Ed. Grady, have reported that approximately 300 members of the local post have signed for active work on the various stands and amusements.

One of the most interesting features will be the Doll Buggy Parade which will be held on Monday afternoon at 2 p.m. This is an annual event and has always attracted large crowds. It is a great occasion in the lives of the little tots who participate and are given the opportunity of showing off their most beloved dolls and doll buggy outfits. The prizes given the winners play no small part in attracting the scores of contestants.

The entertainment that will be provided this year compares favorably with the acts shown at the greatest amusement resorts in the country. Special efforts have been made to secure high class acts and the local committee feels assured that when the Festival opens up, no complaint will be made as to the amusement and entertainment that is to be furnished.

BRISTOL FAMILIES ATTEND REUNION AT FOX RIVER PARK

Benedict Are On Motor Trip to Mississippi River

Bristol relatives attended three family gatherings Sunday. The Lawrence Whitcher, H. B. Gaines, Clare Bryant and Leslie Gunter families and Mr. and Mrs. John Alderson, Miss Edith Murdoch, Mrs. Jennie Whitcher, Mr. and Mrs. Charles Gunter, and Mr. and Mrs. Clifford Jacobson attended the Gunter family reunion at Fox River park Sunday.

Mr. and Mrs. Roland Benedict are on a two week's motor trip to the Mississippi river.

Mr. and Mrs. Edmund Pike accompanied Mr. and Mrs. Olin Monroe to Menomonee Falls Sunday, where they met other relatives. They then went to Holy Hill.

The Harold Bryant family accompanied the Arthur Laursen family of Antioch, Mr. and Mrs. E. S. Fox, Ellsworth Fox, and son, Glen, to Diamond Lake, Illinois, Sunday, where a family gathering was held at the James Karnes summer cottage.

James Sneasy, Gurnee, Ill., and Stillman Mitchel, Lockport, Ill., were guests at the Edith Mitchell home Sunday.

Mrs. Lena Glitzlaff and Nellie and William accompanied by Mrs. Albert Muhlenbeck, Söhner, and Mrs. John Woller, Pleasant Prairie, have returned from a motor trip to Tomah, Wisconsin, where they visited Rev. Berg and family, former pastor of the Wednesday at a dinner in honor of the Lutheran church here.

Mrs. Samuel Knapp entertained her birthday. Those who were present are: Mrs. Eleanor Jones, Mrs.

Channel Lake Club Is Center for Many Social Gatherings

A most delightful bridge party was held at the Channel Lake Country club on Saturday night, in which about fifty members participated. The high scores were made by Mrs. Luke R. Phillips and Mr. J. H. Sandell and second honors fell to Miss Eloise Kresse and Mr. W. W. Ward. The chairman for the evening was Mrs. Charles W. Lufkin and the refreshment hostess included Mrs. O. R. Kresse, Mrs. Emil J. Gnaedinger, Mrs. W. W. Warriner and Mrs. L. B. Grice.

Another event of interest is the dance scheduled for next Saturday night, August 31. The chairman Mrs. J. H. Sandell, and her committee, which includes Mrs. Herbert Vos, Mrs. W. W. Ward, and Mrs. Max Mavermann, have been fortunate in securing a very fine orchestra from Chicago for the occasion. Light refreshments will be served. A large attendance is anticipated.

To the general satisfaction of the club members, a Woman's Auxiliary has been formed for the purpose of co-operating with the Board of Directors in arranging and promoting the social events of the club. The officers elected for the ensuing year are president, Mrs. George Bayard; Vice-president, Mrs. Henry Paulson, Secretary-treasurer, Mrs. F. D. Holzbeck; and Corresponding Secretary, Mrs. W. W. Ward. These officers, with the chairman of the various committees, constitute the Board of Directors of the Woman's Auxiliary, and together with the Men's Board of Directors, a most interesting program of events is to be worked out for the coming year.

Keen interest is being shown in the ticket presented by the nominating committee for the new officers of the club, to be voted upon Saturday, August 31. The ticket is as follows: President, Emil J. Gnaedinger, Vice-president, Henry Paulson, Secretary-Treasurer, Max Mauermann, and Wm. H. Howe to fill an unexpired term as Director.

The annual children's party, which was held at the Channel Lake Country club house last Friday, under the leadership of Mrs. Ernest Heg, was a most successful affair. Attractive prizes and souvenirs for the children were in abundance and the usual refreshments of ice cream and cake, most generously donated by Mrs. Walter Bledsoe of Lake Catherine, were served. The committee assisting Mrs. Heg included Mrs. E. C. Wilson, Mrs. Walter Bledsoe, Mrs. Arthur Maplethorpe, Miss Louise Bell, and Miss Brooke Phillips. Among the children present were: Walter Bledsoe, Barbara Bell, Harriet and Georgia Bayard, Dickie Johnson, David Nissen, Carol Heg, Jimmie, Buddy and Toddy Maplethorpe, Merritt and Phyllis Paulson, Bunny Parken, Kurt Vollers, Marianna and Buddy Gallauer, Richard Krause, Margery and Janet Williams, Stelmiller children, Dudley and Alice Ward, Tommy and sister Berry, Myrtle and Jeanette Schwarz and the Karg children.

Another event arranged especially for the young people of the club is the "Treasure Hunt" on Sunday night, September 1. Those in charge of the affair are Mr. and Mrs. Chalmers Taylor, Miss Brooke Phillips, and Mr. Norman Tankersley. This is an annual Labor Day event, looked forward to with the keenest interest by the junior group.

Stanley Braund, Mrs. Ada Dixon, Mrs. Wm. Fouke, Mrs. Mary Lamb, Mrs. Carl Pofahl, Mrs. Chumley, and Mrs. Samuel Firchow. The afternoon was spent playing bunco. Mrs. Jones received the prize.

George Hebard and daughter, Miss Sadie, Kenosha, were visitors at the Louis Krohn home Sunday.

ANTIOCH'S OLDEST RESIDENT, MRS. SARAH EMMONS, IS NINETY-ONE YEARS YOUNG

Came to Bristol from Syracuse, N. Y., in 1843; Tells Story of Early Antioch

HAS RETAINED FACULTIES; IS WELL AND HAPPY

By Agnes Blenfang

As from the poems of Robert Browning, thus also from the expressions of Antioch's oldest resident comes forth that beautiful philosophy that old age is the most wonderful period of one's life. "Antioch's oldest," you ask, "who has that distinction?" It is Mrs. Sarah Emmons, who makes her home on Lake street with her daughter, Miss Alice Emmons.

Is Unsophisticated

When interviewed, Mrs. Emmons sat on the porch in a thoroughly simple and poised manner. It was bewildering to look into the face of a woman who has lived in this old world for ninety-one years. Just think of it! Yes, true it is, that others have lived that long and longer, but there are countless numbers who haven't. Being unsophisticated about the consideration due her, she did not choose to talk much about herself, answering only direct questions. No, she doesn't belong to that class of individuals who like to hear themselves talk, as they say. When she has finished conversing about the subject at hand, she reclines in her chair and becomes almost calm.

Migrates From Syracuse, N. Y.

This young old lady migrated to the western wilds with her parents and three sisters and one brother from Syracuse, N. Y., in 1843, when she was but five years old. They came via water as far as Kenosha and from there, by means of wagon and horses, to Bristol, Wisconsin, where they made their first home in this part of the country. They answered Bristol's call for settlers, because it was there that Mrs. Emmons' uncle resided. The family lived there for two and one half years and they then moved to a farm one mile southwest of Antioch. In 1859, she was married to Rockwell Emmons and in 1869, they took up residence in the village, which, by the way, would have been a very inappropriate term to apply to it in 1869. Their first home here was established where the oil station is now located on the corner of Lake and Main streets. Mrs. Emmons is the mother of four

children, two of whom, Calie and Charlie, died in early life. The others are: Artie, Mrs. L. B. Grice, who also lives on Lake street, and Alice. Mrs. Emmons' husband died on July 17, 1927, at the age of ninety years.

Watches Antioch Grow

Antioch appreciates this woman, because, like a mother watches the growth of her child, Mrs. Emmons has watched the growth of the "World's Best Small Town" from a meager little settlement to the modern city which it is today with its many beauty spots and points of vantage. Her early reminiscences, as well as her later ones, are interesting, immensely so; and she was exceptionally generous with them too.

Antioch in 1869

Sixty years ago when she came here with her husband there must have been something about Antioch which appealed to them and invited them to stay indefinitely. There were but seven log houses here. What a contrast to the number now. The business section of the then-Antioch was comprised of a hall where church and school meetings and in fact all kinds of meetings were held, a town pump in front of Reeves' drug store, a general store, above which was the hall, and a saw mill in the rear of Hawkins' house on Main street. A little later, a blacksmith shop was built and other general stores were established, one of which her husband was the proprietor. This was near where the National Tea Co. store is now. The Baptists were the first religious denomination to construct a church. Its landmark is in the rear of the Methodist church. When the so-called Christian church was built where the Episcopal church is now, Mrs. Emmons was twenty-one years old. The pioneer druggist move in this city was instigated by a relative of her husband's. Its site was where the Lux Electric shop is. No, sixty years ago, the residents didn't have to go "down town", "up town", or "over town" to make the necessary meat provisions for the next meal. All they had to do was to go to the back door with a gun. Bang! "We'll

have deer today". According to Mrs. Emmons, Antiochians have no reason to complain about the weather in 1929, because when asked how the weather then compared with what it is now, she replied, "the summers were hotter and the winters colder".

Has Book 300 Years Old

One of Mrs. Emmons' treasures, and well it might be, is a genealogical book which formerly belonged to her husband. "Why should that be such a treasure? There are lots of those," but listen, it is three hundred years old. It contains the names and several pictures of the Emmons family from generation to generation in chronological order as nearly as practical—very unique and antique—priceless indeed; and the interviewer had the honor of welding the pen in, too.

Has Retained Faculties

This grand old lady says that she is enjoying fairly good health and is just as well able to get a meal as she ever was if someone brings the necessary raw and canned foods from the

Is Happy

As the interviewer turned to go away and looked back at Antioch's oldest resident seated contentedly between her two daughters, the thought came to mind—"certainly, that woman's pursuit of happiness has found its pinnacle". May she live on and on and continue to be well and happy.

WILMOT SENDS 6 REPRESENTATIVES TO STATE FAIR

Women Give Card Party
At Kruckman Home on
Saturday

Six of the Wilmot school children are at the State fair staying at the 4-H club camp on the fair grounds this week. Susie Rausch is there as champion speller for Kenosha county in the State contest; Claudia Vincent and Mary Schold are in the Home Economics Judging contest; Mary Schold is also entered in the Correct Dress contest; all are entered in the Good Health contest; Hazel Schold, Irla Blood, and Floyd Memler are the other school representatives present. M. M. Schnurr, principal of the Wilmot High school, is at the camp too and has a stock judging team from the school with him.

Mrs. Frank Kruckman and Mrs. James Carey gave a progressive card party for Mrs. Arthur Holtorf Saturday afternoon at the former's home. Prizes were won by Mrs. S. Jedele, Mrs. W. Dobyns, Mrs. L. Sherman and Mrs. E. McDougal, and consolation by Florence Loth. A guest prize was given Mrs. Holtorf. After the distribution of prizes, the guests were invited to the Carey home, where they were served a two-course luncheon.

Mr. and Mrs. Fred Gauger and son, Harold, are on a week's fishing trip at Lake McKinley, Fremont, Wisconsin. John Hasselman, Jr., is in charge of the shop during Mr. Gauger's absence.

Mrs. A. C. Turner of Bristol was a visitor at the home of Mr. and Mrs. Lynn Sherman last week.

Mesdames Florence Lewis and Roy Button, Silver Lake, and Ray Button and Frank Burroughs, Wilmot, were in Kenosha Tuesday for the day. They visited with Mrs. Margaret Button.

Shirley Sherman visited with relatives at Genoa City several days last week.

Mr. and Mrs. Frank Burroughs entertained Mr. and Mrs. Edward Thompson, Mrs. E. W. Traum and son and Mrs. B. H. Dietz and daughter from Woodstock at dinner Saturday.

Mr. and Mrs. Chester Davis and family are at Madison this week, where they are the guests of relatives.

Martin Brinkman and Howard Siedschlag are on a two week's vacation trip to Rhinelander, Wis.

Mrs. McGuire and daughter, Miss Honorah, and several guests from Chicago were at the McGuire cottage from Thursday to Saturday.

Mrs. Frank Kruckman entertained Laura Mason from Richmond Monday afternoon.

Mrs. Ann Memler and daughters, Mary and Ruth, of Lily Lake spent Monday evening with Mr. and Mrs. John Memler.

The dinner concessions for the West Kenosha County fair have been given to Cavalry Troop E from Kenosha. They will bring their own equipment with them.

The Fair board has arranged to have amplifiers around the grounds so that addresses made on the platform can be heard in all parts of the Fair grounds.

The Holy Name church is holding its annual bazaar at the Radetzcher hall at Twin Lakes Labor day evening.

Margaret Cleary of Delavan spent several days the last of the week with Mrs. James Carey.

Guests of the Misses Carey over Sunday were: Donald Tyler and friend from Milwaukee, Mr. and Mrs. T. Anglin, Chicago, and Florence and Evelyn Carey, McHenry.

The Young People's society of the Lutheran church are giving an ice cream social this Wednesday evening. The public is cordially invited.

Floyd Mathews of Antioch spent a day last week with his grandmother, Mrs. H. Boulden.

Margaret Stoxen and Ruth Pacey were in Chicago Monday.

Mrs. W. Dobyns and son, Gene, spent Sunday and Monday at Lake Forest and Waukegan.

Miss Agnes Blensang, Antioch, was a week-end guest of Alleen Memler. Fourteen geese were stolen from the George Higgins place lately. The County lumber at the Millsite is also frequently raided.

Rev. and Mrs. H. Diehl and family of Lake Geneva; Rev. and Mrs. E. Jasper of Bristol; Rev. and Mrs. Baganz and family, Burlington; Rev. and Mrs. E. Spoonholz from Slades Corners and Rev. and Mrs. Jedele and Rhoda Jedele are to have a picnic at Fox River park this Friday afternoon.

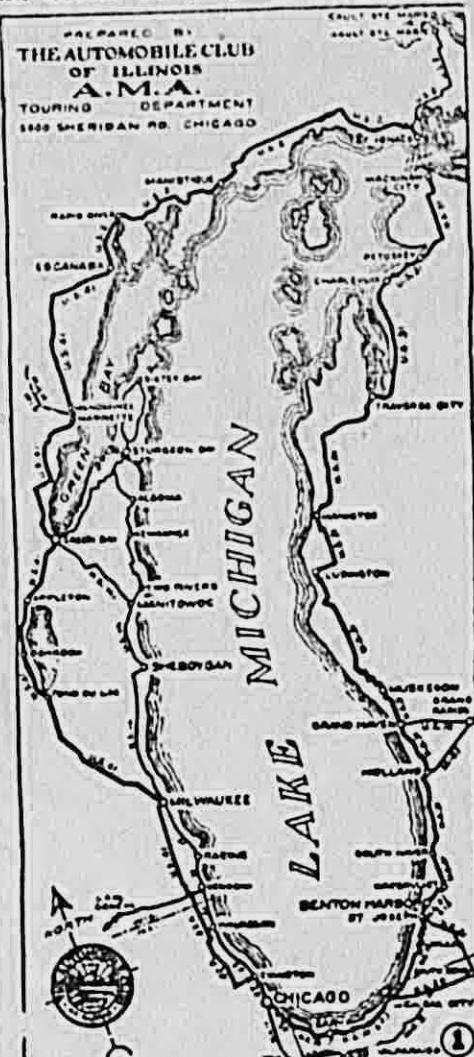

Rosella, Grace, and Earle Moyse of Whitewater spent the past week with Mr. and Mrs. John Memler and family.

Mrs. Fred Pella has been ill and under the care of a physician the past week. She had been visiting in Kenosha and was taken ill upon her

Motoring Around Lake Michigan

How would a motor tour around the lake suit you? One going up on the east side and returning through Wisconsin. It leads over good roads and through a country that is noted for its scenic beauties. The entire journey covers about 977 miles and can be made in about three days if necessary, although it is advisable to allow at least six or seven days to complete the happy motor jaunt.

Such is the itinerary of the trip outlined by the Touring Bureau of the Automobile Club of Illinois, in co-operation with this newspaper. There are many points of interest to be found along this route and one better be prepared for spending

an extra day or two at one of the famous Michigan or Wisconsin resort cities. Mackinac Island is worth a side trip as well as one to the great locks at Sault Ste. Marie. Need much be said about Michigan's great fruit belt? The upper peninsula offers its pine forests, but all along the trip there are bayous, ponds and lakes where fish are to be caught. It only remains for rod and reel with possibly a small amount of bait to turn the trick.

It matters little whether you start the trip going through Michigan or whether you take the Wisconsin side. The itinerary as prepared by the touring bureau takes the motor car-

return. Mrs. F. Luedtke and daughter, Mrs. R. Isely, and Mrs. R. Goodwin of Kenosha were at the Pella home last week.

Johnsburg defeated the Wilmot Pirates Sunday afternoon 2-0, thus leaving the series between these teams standing two to one in Wilmot's favor. It was an exciting game from start to finish. Johnsburg scored its first run in the second inning. The score remained one to nothing until the eighth inning when Johnsburg scored its second run. Wilmot was robbed of several hits and runs by sparkling plays made by Johnsburg's defense.

Next Sunday Eagle Lake plays the third game of the Inter-county League series matched with the Pirates at Wilmot. Each team having won a game, the decisive game of the series on Sunday promises to draw a large crowd of interested rooters.

Labor Day, Elmer Getka and his teammates from Munster are coming to the Wilmot park to play the Pirates. Burlington closes the Inter-county League games at the Wilmot park, when they play the Pirates on September eighth.

Lester T. Tiffany Republican Candidate for SHERIFF OF LAKE COUNTY PRIMARIES TUESDAY, APRIL 8, 1930

Although the primary election is some seven months away Mr. Tiffany gave his consent to a group of men and women who have the interests of the County of Lake at heart, to make formal announcement of his candidacy for the office of sheriff, at this time.

Mr. Tiffany is a COURAGEOUS and FEARLESS police officer and has pledged himself to enforce the law without fear or favor.

The office of Sheriff is a most important one and Mr. Tiffany is fully competent and well qualified in every respect to fill this office. His past record is open for inspection and speaks for itself.

Mr. Tiffany was CHIEF DEPUTY SHERIFF for three years and prior to becoming first assistant to the sheriff was a deputy in the sheriff's office. Since September of 1926 he has served as chief of police of Lake Forest, in which capacity he has made an enviable record. He has the UNANIMOUS ENDORSEMENT of the Lake Forest city council in his race for sheriff.

From September 1, 1926 to May 1, 1929, the Lake Forest police department has handled 1,700 cases. A large number of indictments were returned by Lake County grand juries against law violators arrested in Lake Forest during this period. Chief Tiffany prepared the cases so thoroughly and co-operated with the office of State's Attorney A. V. Smith in such a fine manner that guilty verdicts were returned in ALL TRIALS in the Circuit court.

Probably the outstanding case which gives an indication of the ability of Chief Tiffany in solving serious crimes was the arrest and conviction of Odo Pueschel on a charge of murdering Wilma Miller. The evidence in this case was all circumstantial, but due to a large extent to the work of the Lake Forest police department under the direction of Chief Tiffany, Pueschel was found guilty and given a life sentence in Joliet penitentiary.

Chief Tiffany has given Lake Forest a real business administration. From Sept. 1, 1926 to May 1, 1929, the police court fines turned into the city treasury aggregated \$16,114.00.

Chief Tiffany is known widely for his willingness to co-operate at all times with law enforcing bodies. His nomination and election to the office of sheriff will mean that Lake County will get SERVICE from a capable force in the sheriff's office 24 hours a day. Mr. Tiffany solicits the support of both the men and women voters of Lake county and promises if elected to conduct the office of sheriff in such a manner that LAW ABIDING citizens will be as solidly for him when he completes his four year term, as the day he assumes the duties and obligations of sheriff.

What Edison Thought About Electric Light Fifty-one Years Ago

While the successful incandescent lamp dates from October 21, 1879, and its golden anniversary will be celebrated this fall, its inventor was confident of its future more than a year before the general public saw his masterpiece. Someone recently dug up a copy of the New York Sun of September 16, 1878, in which an interview with Thomas A. Edison was published. Mr. Edison said in part:

"When the brilliancy and cheapness of lights are made known to the public—which will be in a few weeks or just as soon as I can thoroughly protect the process—illumination by carbureted hydrogen gas will be discarded. With fifteen or twenty of these dynamo-electric machines recently perfected by Mr. Wallace, I can light the entire lower part of New York City, using a 500 h. p. engine. I propose to establish one of these light centers in Nassau Street, where wires can be run uptown as far as Cooper Institute down to the Battery and across to both rivers. These wires must be insulated and

LIGHT'S GOLDEN JUBILEE

FIFTY years ago, on October twenty-first, 1879, Mr. Thomas A. Edison announced the success of his incandescent lamp. In addition, he initiated the system by which electricity is produced and distributed for light and power. These inventions marked the beginning of wide-spread changes in living and working conditions.

Cities have been transformed; homes have been made more beautiful, more comfortable, more healthful; travel has become more rapid, safer and more enjoyable; enlightenment has spread; amusements have

**CHAMPIONS BILLED
FOR WINDUP BOUTS
AT PALACE FRIDAY**

Tramblie, National Champ,
In Return Match With
Junior Champ

An echo from the International championships tournament held recently at the stadium in Chicago will be seen here Friday night when Ray Tramblie, National A. A. U. champion, meets Karnoff Hanson, national junior champion, in a return match in the Palace arena. But this super attraction will be only one of the three return matches scheduled on the card of seven fast bouts. Curley Harris, tough Rockford miller from Sammy Mandell's gym, meets Jackie Stevens in a return match from August 9, when Curley was given the verdict after four rounds of terrific milling.

Lou Buckmann, another Mandell protege, will face Bill Krueger, Belle Plaine A. C., in a return match that promises much in the way of action.

Beyers to Meet Carl Buckmann
Another fight that ought to be good will be seen when Buddy Beyers climbs into the ring with Carl Buckmann, Rockford. Both boys carry dynamite in both mits and it would be no surprise to see this bout finished before three rounds.

Lyle Drake, Chain O' Lakes, and Paul Harris, Grayslake, are billed for the third bout, and just preceding them Henry Rasmussen and Carl Ogren will muss each other up in the second scrap of the evening, while Hinz Bratigan, Long Lake, and Wally Whitteman, Elkhorn, Wis., are down to open the show in the curtain raiser. Looks like real entertainment at the Palace tomorrow night.

Last Friday's Results
Windup

Charley Zahmala, Highland Park, beat George Taylor, Waukegan, in three rounds.

Semi-Windup

Bobby Juhrend, Deerfield, defeated Howard Craft, Grayslake, in three rounds.

Preliminaries

1—Sammy Valos, Waukegan, lost to Perry Kirns, Chicago, in three rounds.

2—Karl Ogren, Waukegan, walloped Paul Harris, Libertyville, in four rounds.

3—Jimmy Raymond, Chicago, outslugged Charlie Murray, Chicago, in four rounds.

4—Johnny Taylor, Waukegan, shaded Lyle Drake, Chain O' Lakes, in three rounds.

5—"Young" Mullins, Highland Park, won over "Red" Snyder, Waukegan, in three rounds.

Word came from Chicago this morning that Mrs. A. M. Krah, who has been desperately ill with diphtheria for the past week at her home, is now decidedly better. An operation was performed a few days ago. Mr. Krah was formerly Methodist pastor here.

Chief Tiffany is known widely for his co-operation with outside law enforcement bodies. In soliciting the support of the voters of the county, he promises to conduct the office of sheriff in such a manner that law-abiding citizens will be solidly for him when he completes his four year term.

Duck Hunting To Open
On September 24

Because of a federal regulation on duck hunting, the open season on ducks, geese, brants, coots, and snipe, either Wilson or Jack Sulpe, does not open in Illinois until September 24 to January 7, both dates inclusive, according to Henry Kern, deputy state game warden.

Friends Urge Early Start
Yielding to the persuasion of his backers, Tiffany consented at this early date to have his announcement appear this week. An advertisement contributed by his friends is being published today in Lake county newspapers.

Tiffany comes from a family that has specialized in the enforcement of the law for two generations, says the Waukegan Daily News in commenting upon his candidacy. He is the son of Thomas F. Tiffany, a former Chicago officer, and he has two brothers who are prominent in that line of work. They are Frank, who is chief of police at North Chicago; and Clayton, who is chief at Mundelein.

Although the primary election is still about seven months away, Tiffany yielded today to the persuasion of his friends and backers and entered the race. An advertisement contributed by his friends appears in today's issue of the News.

As the officer of sheriff is one of the most important in the county, considerable interest is attached to the men who enter as candidates.

Tiffany, with his great experience and strong following in all parts of the county is certain to make a good race.

Deputy For Four Years

Mr. Tiffany was chief deputy sheriff for three years and for a year prior to becoming first assistant to the sheriff was a deputy in the sheriff's office. Since September of 1926 he has served as chief of police of Lake Forest, in which capacity he has made an enviable record.

He has the unanimous endorsement of the Lake Forest city council in his race for sheriff.

From September 1, 1926, to May 1, 1929, the Lake Forest police department has handled 1,700 cases. A large number of indictments were returned by Lake county grand juries against law violators arrested in Lake Forest during this period. Chief Tiffany prepared the cases so thoroughly and co-operated with the office of State's Attorney A. V. Smith so well that guilty verdicts were returned in all trials in Circuit court.

Make Quick Captures

In two other cases the Lake Forest police, under the direction of Chief Tiffany, executed notable coups in their war on crooks. Two years ago three men who had robbed the Yeoman Jewelry store in Waukegan were captured by the Lake Forest police and the loot recovered. Two of the men, James Keller and Herbert Colvin, were given terms of from one year to life, and the third, Louis Burke, was acquitted.

In the other case, the Lake Forest officers captured Edward White and Barzy Foster, who had robbed the Williams Brothers general store at Antioch. The robbery was committed at 2 a. m., and the two were in custody at 2:40 a. m. The robbery was not discovered until 7 a. m., and by that time the two guilty men had confessed to the crime. Both were subsequently given terms of from 1 to 20 years for larceny.

In the other case, the Lake Forest officers captured Lyle Drake and Paul Harris, Libertyville, in three rounds.

The robbery was not discovered until 7 a. m., and by that time the two guilty men had confessed to the crime. Both were subsequently given terms of from 1 to 20 years for larceny.

Probably the outstanding case

which gives an indication of the ability of Chief Tiffany in solving serious crimes was the arrest and conviction of Odo Pueschel on a charge of murdering Wilma Miller. The evidence in this case was all circumstantial,

but due to a large extent to the work of the Lake Forest police department under the direction of Chief Tiffany, Pueschel was found guilty and given a life sentence in Joliet penitentiary.

From September 1, 1926, to May 1, 1929, the Lake Forest police court fines aggregated \$16,114.00.

Chief Tiffany is known widely for his co-operation with outside law enforcement bodies. In soliciting the support of the voters of the county, he promises to conduct the office of sheriff in such a manner that law-abiding citizens will be solidly for him when he completes his four year term.

"Stomach trouble was the cause of great worry and suffering for me for a long time," said Mrs. C. W. Anderson, 405 Hancock Street, Peoria, Illinois. "Food soured in my stomach and caused gas. My stomach bloated until it was almost unbearable, and my shoulders and limbs were stiff and sore."

"By the time I had finished six bottles of Konjola, the change in my condition was remarkable. My stomach has been corrected and now does the work that Nature intended it should do. I can eat anything I care to, and never suffer afterward. The stiffness has been driven from my system. Konjola is the most wonderful medicine I ever heard of and I heartily endorse it."
